Confluence Regional Partnership Program Funding Areas

- **Septic Tank Conversion Subcategory**

Funding under this subcategory will be used to support efforts to connect communities with failing septic systems to the SacSewer collection system.

- **Public Education Program Category**

Funding under this category will be used for educational programs including outreach to local area schools ranging from elementary to university levels, employment and trade educational programs and tours within the following subcategories:

- Schools/University outreach and education efforts
- Employment/Career outreach and education efforts
- Other educational efforts

- **Economic Development Competitiveness Category**

Funding under this category will be used to support the economic vitality of the region by offsetting sewer impact fees for qualifying commercial and industrial customers.

- **American River Parkway and Watershed Management Subcategories**

Funding under this category will be used for projects that protect water quality of the regional waterways and groundwater. Please complete an [Environmental Stewardship Application](#) for American River Parkway and Watershed Management projects.
